

## FEARFULLY EMACIATED.

Nurse Tells of Sad Condition of Miss Williamson.

Could Feel Backbone from the Front, She Says.

Sister Sticks to Story Despite Lawyers' Quits.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
SEATTLE, Jan. 23.—The State's second star witness, Miss Esther Cameron, an 18-year-old girl of Portland, Ore., was placed on the stand at Port Orchard today in the trial of Mrs. Linda Burfield Hazard, a fasting specialist, accused of murdering, by starvation, Miss Claire Williamson.

Miss Cameron testified that from

## Deadly Starvation by Order Is Alleged.

Miss Dorothea Williamson.

Linda Burfield Hazard.

## Accuser and Accused.

In hard-fought murder case at Port Orchard, Wash., in which sister of dead woman charges that fasting specialist caused death.

May 1 to 18, 1911, she was employed

her in condition to take her away.

Miss Cameron was on the stand when

court adjourned.

EFFECTIVE WITNESS.

Miss Dorothea Williamson began to

death with her sister, Miss Williamson

apparently in a state of health now

is an effective witness. She is

never ill at ease on the stand and never

wanders from her subject.

Mrs. Hazard shows the strain of

the trial. Her stern face is sallow and

drawn. Her husband, Samuel C. Hazard,

who was graduated with honors

from West Point Academy, became ad-

jutant at the academy, disappeared

later from an army post in Florida and

was dropped from the rolls as a deser-

ter, six months later.

Hazard married Mrs. Linda Bur-

field in Minneapolis and served two

years in stillwater penitentiary for

bigamy because he had not obtained a

divorce from his second wife. He is

her second husband.

The defense began interrogating

Miss Williamson today regarding her

testimony at the hearing in October, to

remove the hearing from the jury's

ship, over the witness after the death

of Claire.

By bringing out apparent discrepan-

cies between Miss Williamson's testi-

mony at the present hearing and at the

guardianship proceedings last fall, the

defense undertook to impeach her

testimony in the present case.

DECEIVED AND BEATEN.

Pretty Sacramento Girl Tells San

Francisco Police Court Stirring

Tale of Man's Duplicité.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Jan. 23.—[Ex-

clusive Dispatch.] Charging that she

had been induced to work in a Bar-

barry Coast dance hall by James Law-

ler, former lightweight pugilist, and

more recently beaten by him without

## LAWRENCE STRIKE.

(Continued from First Page.)

resumed operations with non-union

employees.

Annie Kiani, leader of the women

in the strike, has been charged

that she would lead her followers

across the bridge or "die trying."

Painting an outbreak led by some

strike fanatic, the military officials

who are in complete control of the

situation, quietly placed the artillery

in position. Troops with loaded rifles

have been on duty for some time, but

this was the first intimation that ar-

tillery would be used if the occasion

arose.

Horses were harnessed to the four-

lock guns and the men were ready to

go into action immediately upon or-

ders.

The firm stand taken by the au-

thorities, following the dramatic is-

tics and wild threats of violence, has

entirely changed the aspect of the

strike. The public has grown to ab-

hor the dynamite type of strike and

the strikers have lost in great mea-

sure, whatever sympathy and support

they had. The strikers are now

regarded as a lawless mob.

Threats against State

and city officials have also served to

alienate the support of men who

otherwise would have assisted the

strikers.

The local and State officials and the

military commanders say there will be

no temporizing and whatever mea-

sures are needed to handle the situa-

tion in the interests of law and order

will be taken promptly.

DIES UNDER THE KNIFE.

Little Brother and Sister Draw

Straws to See Who Goes First and

Girl Wins.

(BY A. P. NIGHT WIRE TO THE TIMES.)

DENVER, Jan. 23.—Two little chil-

draw, brother and sister, drew straws

yesterday to determine which

should go on the operating table first.

The boy, who was named George

and died in twenty minutes.

LeRoy, aged 8, and Ethel, aged 6,

children of Mrs. Lee Atkinson, were

afflicted with adenoids. When it was

decided today that they should under-

go operations, a question arose as to

which child should be operated on

first. The girl, who was named

LeRoy, was drawn first. The boy

was drawn second. The boy

was drawn third. The boy

was drawn fourth. The boy

was drawn fifth. The boy

was drawn sixth. The boy

was drawn seventh. The boy

authoritative sources that Col. Roose-

velt is suffering more from wounded

feelings than from anything else, and

that he thinks a re-nomination right-

fully should go to his successor, and

believing that something of the old

personal friendship can be restored,

the closest friends of the President

here are not so apprehensive of dire

convention calamity as are some of

the politicians farther removed from

the scene. President Taft probably

will get advice of a variegated char-

acter so far as the Roosevelt propo-

sition is concerned, and there is no

telling as to exactly what he may do.

All that has been attempted to depict

above is what some of his friends will

urge.

Roosevelt and Taft both have been

the victims, if it may be stated that

way, of overzealous friends and

friends with ulterior motives. Roose-

velt undoubtedly has been poisoned

in his feelings toward his successor

by friends who have been imbued

primarily with the idea of getting

Taft's scalp. It is possible, however,

that the virus has not affected him as

much as is supposed. There has been

affected by the atmosphere by which

he has been surrounded much of the

time since he has been in office. It

has been poured into the ears of Pres-

ident Roosevelt was conspiring to

defeat him and humiliate him, and it

is well known that if ever a thought

of working with Roosevelt or getting

Roosevelt's assistance has shown

itself it would have been hit with an

ax by some United States Senator

posing as the Executive's friendly

adviser or perhaps even by a member

of the Cabinet.

DIVORCE IS DIAGNOSED.

Harvard Professor Says It Is a

Symptom of Disease and Growing

Here at an Alarming Pace.

(BY A. P. NIGHT WIRE TO THE TIMES.)

CAMBRIDGE (Mass.) Jan. 23.—Div-

orce in the United States is increasing

at a rate three times faster than the

population, according to the

statistics gathered by Prof. Francis

G. Peabody of Harvard. Prof. Pea-

body explains the situation thus:

"The divorce evil is a sign, not of

decadence but of transition, the end

of progress paid in the currency of

a more stable order. It is a symptom

caused primarily by the social dis-

ease of restlessness, the excitement of

the nerve of motion, the condition

which may be designated Americanitis.

"This disease in family life takes the

form of rebellion, migratoriness and

change."

AUSTRIAN SHIP HELD UP.

bound from Bombay to Trieste.

ROOSEVELT HAS NO CHANCE

DECLARES FELIX AGNUS.

(BY DIRECT WIRE TO THE TIMES.)

BALTIMORE (Md.) Jan. 23.—[Ex-

clusive Dispatch.] "The Baltimore

American," the oldest newspaper in

the United States, will publish to-

morrow an editorial

signed by Gen. Felix Agnus, advising

against any attempt to force upon

the Republican party a third-term

candidate. It states that the hero of

Appomattox once tried this and sig-

nally failed. The editorial says in

part:

## BREAKS A COLD IN

JUST A FEW HOURS

Proves Quinine is Never Effective in

the Cure of a Severe Cold or

the Grippe.

Nothing else that you can take will

break your cold or end Grippe so

promptly as the dose of Pope's Cold

Compound every two hours until three

consecutive doses are taken.

The most miserable headache, dila-

tedness, head and nose stuffed up, fever-

ishness, sneezing, running of the

nose, sore throat, mucous catarrhal

discharges, soreness, stiffness, rheu-

matism pains and other distress begin

to leave after the very first dose.

Pope's Cold Compound is the re-

sult of three years' research at a cost

of more than fifty thousand dollars,

and contains no quinine, which we

have conclusively demonstrated is not

effective in the treatment of colds or

grippe.

Take this harmless Compound as

directed, with the knowledge that

there is no other medicine which will

where else in the world which will

cure your cold or end Grippe misery

as promptly and without any other

assistance or bad after-effects as a

5-cent package of Pope's Cold Com-

ound, which any druggist in the

world can supply.

COMPETITION THROTTLED.

Government Introduces Records to

Show That National Packing Com-

pany Was Effective Instrument.

(BY A. P. NIGHT WIRE TO THE TIMES.)

CHICAGO, Jan. 23.—Evidence that

the National Packing Company was

one of the agencies used by the al-

leged packers' combination to destroy

competition was given today in the

trial of the defendants charged

with criminal violation of the Sherman

law. By the books of the National

Packing Company, the government

showed that the corporation acquired

by purchase thirteen competitors after

organization in March, 1903, and

that the price paid for these indepen-

dent concerns was \$5,000,000.

A majority of these packing com-

panies thereupon were closed. The

packers have contended all along, ac-

cording to the theory

Clever and Extremely Practical Are These  
High-Waisted Dresses **\$12.50**  
of Navy Serge

—Indeed they are not only clever and practical, but they are up-to-date and charming. You know how popular the high-waisted dresses are and then to make them all the more distinctive the designer has finished them with large square collars paneled in navy velvet—trimmed down the front with velvet buttons. Panel back, piped in velvet and trimmed with buttons.

—When you come to see these in our 2nd floor department, do not be content to merely glance over the style. Inspect the workmanship, for that is one of the greatest assets of these values.

—The lines are perfect fitting. We ask that you compare these with higher priced lines, for certainly it is a merchandising victory to be able to offer such dresses at \$12.50.  
—Not only in blue serge but also in black.

## Mannish Shirts for Women

As Shown in the Picture--\$1.25

The picture has been sketched from the merchandise itself, therefore you will see the tailored lines and attractive air which is so characteristic of these garments. Splendidly made of mercerized materials. Either white or tan.

That comfortable soft collar and the popular French cuffs. The manufacturer of these shirts has taken great care in the cutting, in the proportioning and in the designing. They can be washed and they will wear well.

A black and white illustration of a man from the chest up, facing slightly to the right. He is wearing a light-colored, long-sleeved shirt with a pointed collar and a dark tie. The shirt has visible buttons and a pocket on the left side. The illustration is done in a sketchy, artistic style.

## Khaki Riding Skirts \$3.95

### Also Walking Skirts \$1.95

—Here are two numbers of which we make a specialty. Walking and Riding Skirts are always staple in California. They are made of serviceable khaki cloth in the natural color.

—We also direct attention to women's bloomers, which we are featuring at 95c.

# MANY CHINESE SMUGGLED IN.

Commissioner Says they Are Foiling Officials.

Gain Admission to Country in Various Guises.

Annual Report Urges Enactment of Better Laws.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Jan. 23.—Many Chinese laborers have foiled the United States immigration authorities within the past year, gaining admission to the country in the guise of merchants, students or teachers, according to the annual report of Daniel J. Keefe, Commissioner-General of Immigration.

Mr. Keefe calls attention to "the unsatisfactory condition of the so-called Chinese exclusion laws, and the necessity for extensive changes in the system under which it is sought to prevent the introduction of Chinese laborers into the country, and to make easy the coming and going of classes which the law does not intend to exclude."

The report shows that during the last fiscal year 1,020,399 aliens of various nationalities entered the country. Of these 151,473 came for temporary purposes only. During the same period 518,215 aliens left the United States, of whom 222,649 were temporary departures. The net gain in population by immigration therefor was 512,881.

**EXAMINATION ADVOCATED.**  
The Commissioner-General suggests that there be applied to aliens coming to perform labor a physical standard similar to that required of recruits for the army.  
It also is suggested that the law be made much more rigid with respect to induced immigration, and that the penal provisions be strengthened.

A phase of induced immigration which has been rapid and increasing consists of the practice of certain corporations in the Middle and Far West to employ Chinese laborers. Thousands of these laborers are annually induced to come into the United States, says the report, not by direct means which can be made the basis of a prosecution, but by indirect and subterfuge—by dissuading in Mexico general information to the effect that work can be secured by crossing the border and applying to laboring agencies located on the American side who are engaged in securing laborers for the railroad companies, mine operators and others, the cost of their procurement being deducted from the first wages earned by this cheap class of unskilled laborers. Every possible effort has been exerted to control this situation, but with only fair success.

**JAPANESE GOING HOME.**  
It is shown that during the year 4253 Japanese were admitted to the mainland and 3159 to Hawaii. Compared with the preceding year there was an increase of 48 per cent. for the mainland and 41 per cent. for Hawaii. Regarding Japanese of the laboring class to whom the most interest attaches, only 723 were admitted to the mainland and 1740 to Hawaii, while 2521 departed from the mainland and 1822 from Hawaii.

The methods adopted by Chinese to evade the exclusion law are so extensive and complicated as to beggar description. They extend all the way from crossing the land bound-

aries in sealed freight cars or being packed away in the holds of vessels and landing under cover of darkness.

**DEVICES HARD TO COMBAT.**

Two favorite devices for introducing young coolies consist of the claim that the applicant is the minor son of a merchant, or was born in this country, or the son born abroad of a Chinaman in this country and therefore a citizen; and although the officers may be morally certain these claims are false, it is difficult to disprove them. Of "minor sons" 423 entered during the year; and of "natives" 1241. Most of these are ordinary coolies. Regarding those who have entered on claims of citizenship, it is shown that the average for the past three years has been 1422 per year. Using these figures as a basis, it is calculated that, unless the law is strengthened in some manner, or present conditions materially change, the next decade will witness an entry to the United States, on citizenship claims alone, of over 50,000 Chinese.

**ATTACKS MAIL SERVICE.**

Ex-Clerk Testifies Before Congress Committee and Says Public Sufferers by Delay.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Jan. 23.—A condition of discontent and a consequent demoralization of the mail service exists because of the dissatisfaction of the mail railway clerks with their present working conditions, according to a statement to the House Committee on Postoffice today by Carl Van Dyke, ex-clerk.

Mr. Van Dyke is an official of the Railway Mail Association. He was for many years a clerk in the railway mail service and left the service after a disagreement with the Postoffice Department a year ago.

"There is a lack of harmony between the national banks and officials," he said. "The men complain of unfair treatment."

Mr. Van Dyke said the \$1 per diem allowed them for expenses while away from home had been paid for in the last year at the rate of 49 cents on the dollar. He said a blacklist existed, and that promotions and demotions were being made in the service on the basis of "what the department said was loyalty."

Disloyalty, it was said, was addressed to the demands of the majority of the men.  
Undermanned mail crews, prolonged hours and other conditions, Mr. Van Dyke said, resulted in great loss to the public because of delayed mails.

Wisdom Brown, editor of a rural free delivery journal, said the rural delivery carriers should be paid more money and that some of the regulations of the department should be changed in justice to the men.

Mr. Brown's estimate of men for increases Representative Meeks of Massachusetts computed the sum required to allow his recommendation at \$16,000,000 more a year.

**SAYS RAISE FOR TAFT.**

INTERVIEWS PRESIDENT.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Jan. 23.—[Exclusive Dispatch.] George Knight, national committee man for California, saw President Taft today, but would not talk at his interview. He has been accused of being untruthful to the President, but today he said he believed California was for Taft, but that "we must not say what effect it would have in California if it was known that Col. Roosevelt was in the field. Knight, who did not attend the meeting of the Republican committee held here recently, said he came this time on private business.

**WILL SCAN EXPENSES.**

OLD COMMITTEE REVIVED.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Jan. 23.—The revival of the Senate Committee on Public Expenditures, designed to limit and systematize government expenditures so as to make them square with the country's resources, was announced today by the Senate.

**MRS. BARBER WINE.**

COLUMBUS (O.) Jan. 23.—By a decision of the Supreme Court today, the direct heirs of former President McKinley cannot participate in his estate, which goes to his wife, Mary, sister-in-law to the former President.

Mr. McKinley's will provided that the estate be held by his wife during her lifetime. On her death the estate was taken over by the wife's sister, who resided at the children of Mr. McKinley's brothers and sisters to obtain it.

**FAMILY DIES IN HOVEL.**

(BY A. P. NIGHT WIRE TO THE TIMES.)

ST. LOUIS, Jan. 23.—Fire of incendiary origin partially destroyed the factory of the Salvatore Viviano Macaroni Manufacturing Company early today and opened up new chapter in the "black-hand" outrages which have kept the police busy since Friday. The factory is in the heart of the "black-hand district," where the headless body of Salvatore Lioni, an important witness in the trial of the Chicago murderer, was found on Friday. Police officials declare the Camanara murder was the result of an Italian feud.

**WOODMEN MEET.**

(BY A. P. NIGHT WIRE TO THE TIMES.)

CHICAGO, Jan. 23.—The national convention of the Modern Woodmen of America was called to order today with 1200 delegates in attendance. Head Consul A. E. Talbot presided. The program calls for the consideration of the proposed revision of the insurance rates of the order and it is expected the feature will be taken up later in the day.

with government income, was proposed in a resolution introduced by Senator Burton of Ohio.

It would provide the same committee of twenty—chairmen of the committees on Appropriations, Finance, Military, Navy, Postoffice, Agriculture and Affairs of Indians (all having jurisdiction of appropriation bills) and thirteen other Senators.

Senator Newlands joined with Senator Burton in expressing support for speedy action on this House budget Committee, which he said would be of vast assistance to the executive branch of the government in its economic policy.

**FREE TOLLS FOR OUR SHIPS.**

Senator Bradley Would, However, Penalize Vessels Owned by Railroads to Offset Freight Reductions.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Jan. 23.—American ships would use the Panama Canal free of cost, while foreign vessels would pay a charge not exceeding \$15 a ton, under the terms of a bill introduced today by Senator Bradley of Kentucky. If an American ship, however, is owned by a railroad company and is operated to carry freight transportation, it will pay double the foreign rate.

Senator Bradley is in providing that all laws and executive orders now in force in Panama should continue in force in the United States, and that the President should appoint, and that through the chief of engineers of the army.

The charge for carrying passengers through the canal would not exceed \$1.50 a passenger.

**RUN CLOSE TO THE WIND.**

ENCROACHING ON CAPITAL.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Jan. 23.—While the national banks of the country as a whole possess an enormous surplus, there are a number of institutions whose surplus is so low that comparatively slight reverses would impair their capital, according to a statement issued by the Controller of the Currency Murray today.

In future, the Controller announced, he would ask all new national banks to make a substantial surplus at the time of organization, to bear the organizing and running expenses without encroaching on the capital.

Of the 7300 national banks, 1254 have surplus, averaging only 10 per cent. of their capital. Of the 1616 banks in which a loss of \$2000 and ninety-three in which a loss of \$5000 would impair their capital, the Controller would like to see the surplus of the latter group increased to \$10,000.

During 1911 the surplus of the national banks as a whole was over \$5 per cent. of the amount of the amount of twenty years ago.

**HAND PRESSES PREFERRED.**

POWER MACHINERY DEFEATED.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Jan. 23.—The Senate today refused by a vote of twenty to thirty-four to consider the printing bill that would supplant with power presses the hand presses in the bureau of engraving. Democrats generally voted against the measure and Republicans divided.

The bill codifies the printing laws and provides that power presses be used in printing paper money for the government. This provision is being bitterly fought by the labor unionists, who claim that the bill is a motion to consider was lost on roll call.

**WASHINGTON BIEFS.**

Consider Who Question.

WASHINGTON, Jan. 23.—[Exclusive Dispatch.] Postmaster General Hunt today took up the question of labeling post and sherry, and the matter is considered sufficiently important for the California Wine Association to send a representative here to attend the hearing. Dr. Wiley has a majority of the board and his aim is to have the former findings of the board reversed.

**Postal Banks Named.**

WASHINGTON, Jan. 23.—[Exclusive Dispatch.] Postal banks will be established February 20 at Huntington Park, Ocala, Delano, Elk Grove, and Kettleville, Calif.

**California Postmaster.**

WASHINGTON, Jan. 23.—[Exclusive Dispatch.] Charles C. Hill was today appointed postmaster at Bemi Tropico, Kern county, vice M. E. Sirkelbi, resigned.

**To Benefit Alaska.**

WASHINGTON, Jan. 23.—[Exclusive Dispatch.] Senator Works, Republican, of Alaska, and Edward G. Kuster, Los Angeles delegate to the "Relief for Alaska" government, today called for the passage of a bill to send a representative here to attend the hearing. Dr. Wiley has a majority of the board and his aim is to have the former findings of the board reversed.

**His Wife Swore at Him.**

Promo Man Gets Divorce on Representation That He Was Treated With Great Cruelty by Bride.

(BY DIRECT WIRE TO THE TIMES.)  
FRESNO, Jan. 23.—[Exclusive Dispatch.] That his wife, Mrs. Little Gruber, had an uncontrollable temper, coupled with a vocabulary of profanity which would make a sea captain look ashamed, was the statement that G. Gruber of Mendota made today before Superior Judge Church when he was granted an interlocutory decree of divorce on the grounds of cruelty, his wife defaulting.

# BRYAN TAKES WILSON'S PART.

Peerless Leader Rallies to the Defense of Governor.

Harvey's Support on Wrong Side of Ledger.

Says Wilson Must Look for Still Other Desertions.

(BY A. P. NIGHT WIRE TO THE TIMES.)

LINCOLN (Neb.) Jan. 23.—William J. Bryan takes the side of Gov. Woodrow Wilson in his breach with Col. Harvey and Henry Watterson, and justifies the action of the New Jersey Governor in requesting that his name be withdrawn from the columns of Harper's Weekly. In a letter sent from the West made public here tonight, Bryan says:

"The recent break between Gov. Wilson and Col. Harvey illustrates the co-operation between men who look at public questions from different points of view."

"Of course, it is absurd for Col. Harvey's friends to talk about the co-operation between men who look at public questions from different points of view."

"His conspicuous support was not only of no advantage, but it became actually a disadvantage. It did not help Gov. Wilson the class for which Col. Harvey speaks, but alienated men who could not understand."

**In Line.**

**TAFT WINS IN OKLAHOMA OVER ROOSEVELT FORCES.**

(BY DIRECT WIRE TO THE TIMES.)

OKLAHOMA (Okla.) Jan. 23.—[Exclusive Dispatch.] The Taft forces won a decided victory here today in capturing the temporary organization of the Fourth Oklahoma District convention from the Roosevelt forces, who made a determined fight and pulled off a narrow escape after a day of fighting.

The few La Follette men present joined with the Roosevelt leaders. J. M. Humphrey of Atoka was nominated by Taft delegates for temporary chairman, and the Roosevelt people selected A. R. Bullock of Ada. On the first roll call, Bullock was declared elected over Humphrey by nine majorities by Congressional Chairman Perry, and followed. The Taft delegates cried "fraud," "crooked work," "give us a square deal," and crowded the stage and aisles. There was bedlam and it was not quieted until Perry consented to have the roll called again. On the second vote the Taft delegates won by eight majorities and Humphrey was elected.

When the end of the resolutions was reached, endorsement of Taft won, although the Roosevelt forces again made a determined fight. They were again by Chairman Perry and Roosevelt instructions were demanded, but Taft's forces held their own.

**TELEPHONE TRUST GETS CLASS WITH STANDARD.**

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Jan. 23.—A petition to dissolve the American Telephone and Telegraph Company on the ground that it is a monopoly in violation of the provision of the Sherman law, was made public here today, a few hours in advance of its presentation to the United States Attorney-General Wickham in Washington.

According to the petition, the American Telephone and Telegraph Company, which controls the Western Union Telegraph Company and eight subsidiary telephone companies in the United States, is one of the largest financial concerns in the world, having a capital of nearly \$1,000,000,000, and it now dominates the telephone business of the country.

**BARB COMPETITION.**

"The petitioner points out that by reason of the company's control of subsidiary concerns in all parts of the country, the independent telephone companies are barred from competition. It is charged that the operations of the American Telephone and Telegraph Company are practically identical with those of the Standard Oil Company, which was declared illegal by the United States Supreme Court."

"While business alone does not make a corporation an unlawful monopoly," says the petition, "it is certain that an investigation of this significant corporation will show that history repeats with acts and manipulations for the obvious purpose of obtaining control of the telephone business in this country, of a character that have been unequivocally condemned by the Supreme Court of the United States."

The petition is signed by George Lambert, a justice of the peace of Pelham, N. Y.

**RIDICULE CHARGES.**

Theodore N. Vail, of the American Telephone and Telegraph Company said the petition was simply that of an individual against a corporation, which had no significance until the Attorney-General took action.

"As regards the American Telephone and Telegraph Company being a monopoly in violation of the Sherman anti-trust law," he said, "I can only say that any act of this company in the matter of acquiring other concerns has been done either after a direct appeal by the company or with the acquiescence of the concern. Every act has been passed upon favorably by the State authorities."

**HONORS FOR EARL GREY.**

Given Freedom of City of London, as Many of His Distinguished Ancestors Were Honored.  
(BY A. P. DAY WIRE TO THE TIMES.)  
LONDON, Jan. 23.—Earl Grey, former Governor-General of Canada, was today presented with the freedom of the city of London. The ceremony took place at the usual picturesque historic observance.

The first Earl Grey, who was a distinguished general, was awarded the freedom of the city after he had conducted a successful West Indian campaign, while the present Earl's grandfather received the distinction for his efforts as Premier on behalf of the great reformer, Lord Palmerston.

Earl Grey in a speech said that he recognized the honor as the desire of the city of London to do the full honor in its power to the spirit of the people of Canada, which some day was destined to be a part of the British empire. The day was approaching, he said, when Canadians would be ready to resume the full status of partners in the responsibilities and obligations, as well as in the privileges of the empire. The desire to acquire as soon as possible, the fullest measure of imperial citizenship, was growing among the most thoughtful people of Canada, he said.

# Beauty's Greatest Aid Is a Simple Greaseless Cream Frequently Applied.

Beauty Expert Gives Valuable Advice on Treatment and Care of Complexion.

"No matter how rough or unsightly a skin may be," writes Emily De Mar, than whom among beauty experts there is none with a greater knowledge of cosmetics, "if a simple face cream made by dissolving two ounces cerol in a scant pint boiling water and stirring until smooth and fluffy, is gently massaged into the skin, until the finger ends, it will cleanse it of impurities and give it to a charm and elegance most pleasing."

"The cerol cream is delightfully soothing and especially fine as a pre-vental rough, dry or sallow condition, as well as prevention against wrinkles and cold."

Why Col. Harvey praised Gov. Wilson personally without indoring the things for which Gov. Wilson stands, it naturally aroused suspicion as to the sincerity of one or the other, and when Gov. Wilson was asked the question, he admitted that he regarded the support of Col. Harvey as a liability, rather than a resource.

"Should he have pretended that he thought Col. Harvey was helping him when he was not? And why should Col. Harvey complain if he really favored Gov. Wilson, he must desire to aid him. Why should he be offended then at Gov. Wilson's frankness? Is he more interested in being known as the man who made Gov. Wilson famous than in advancing Gov. Wilson's cause?"

"It must pain Gov. Wilson to break with his old friends, but the breaks must necessarily come unless he turns back or they go forward. 'A man is known by the company he keeps'—and he cannot keep company with those going in opposite directions. Gov. Wilson must prepare himself for other desertions—these will distress him, but there is abundant consolation in duty well done."

**TAFT WINS IN OKLAHOMA OVER ROOSEVELT FORCES.**

(BY DIRECT WIRE TO THE TIMES.)

OKLAHOMA (Okla.) Jan. 23.—[Exclusive Dispatch.] The Taft forces won a decided victory here today in capturing the temporary organization of the Fourth Oklahoma District convention from the Roosevelt forces, who made a determined fight and pulled off a narrow escape after a day of fighting.

The few La Follette men present joined with the Roosevelt leaders. J. M. Humphrey of Atoka was nominated by Taft delegates for temporary chairman, and the Roosevelt people selected A. R. Bullock of Ada. On the first roll call, Bullock was declared elected over Humphrey by nine majorities by Congressional Chairman Perry, and followed. The Taft delegates cried "fraud," "crooked work," "give us a square deal," and crowded the stage and aisles. There was bedlam and it was not quieted until Perry consented to have the roll called again. On the second vote the Taft delegates won by eight majorities and Humphrey was elected.

## Cities and Towns of Los Angeles County.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

### Humane Work IS OUTLINED.

**Padena Society Elects New Board of Directors.**

**Dues Are Doubled for Benefit of the Society.**

**Protests Ignored in Letting Incinerator Contracts.**

(Times of the Times, No. 2, 3, Fair Oaks Ave.)

**PASADENA, Jan. 23.**—Plans for another busy year's work were made last night at the annual meeting of the Pasadena Humane Society, held in the Council Chamber at the City Hall. The new board of directors which is to stand at the helm is composed of Dr. E. L. Conger, Lloyd R. Macy, Henry Waterman, Mrs. R. L. Gifford, Dr. W. A. Cundy, W. A. Brackenridge and Roy Macomber. All except Macomber were re-elected. Officers were not elected last night, but Dr. Conger, veteran president of the organization, declared that he will not be a candidate for re-election.

The work of the organization has become so extensive that it was decided to increase the dues from \$1 a year, to \$2, and an entertainment will also be given to raise additional funds. The date of this entertainment and just what it will be is still undecided.

That humanitarians must be sympathizing with all the things that fly and creep and crawl was evidenced by the secretary's report. It showed that, of the 1229 cases that came to the attention of the humane officers during the year, 1223 pertained to dumb brutes. Included in the list were 118 cows, 10 calves, 20 burros, 5 dogs, 388 cats, 409 dogs, one crate of ducks, one lot of seals, ten chickens and seven mice. Some of these were given relief for injury, humane treatment was enforced for others and some were dispatched.

Investigations were made and relief afforded in 106 cases pertaining to human beings. Children were rescued from the clutches of the law for nineteen. The total number of arrests made by the association during the year, was 28, and the total number of convictions, 21.

**PASS RESOLUTIONS.** Despite the fact that vehement protests both oral and in writing, to the erection of an incinerator at the proposed South Raymond-avenue site were made at yesterday's session of the City Council, the ordinance authorizing a bond election for the installation of the incinerator and the purchase of the site was passed on second reading and no objection was offered by the Council.

The following resolution was adopted: "Be it resolved, That it is the sense and intention of the Council that no garbage incinerator be built within the limits of this city, which will cause any disagreeable smells or odors, or will in any way cause any discomfort upon the people living in the vicinity, or affect the value of property thereby. In the letting of any contract for the construction of such an incinerator, effective guarantees against giving out of such smells or odors will be required.

"That there be referred to a Council committee of three, to be named by the Mayor and the City Attorney, the question of the propriety of sending out to the voters a brief statement in regard to the coming bond election for a garbage incinerator, and that said committee be authorized to prepare and send to the voters such a statement, if it seem such course advisable, and if it seem expense not exceeding \$500."

The petition circulated last Monday protesting against the Council action presented to the Council by G. A. Gibbs. He declared that while assurance is given by the city officials that the plant will be odorless, nevertheless it will be an experiment to a certain extent, and property-owners of this part of the city object to its being up. Mayor Hunt replied vigorously. He said that the plant, when completed and in operation, will be as clean as any kitchen. He added that unless the bonds carry at the election February 7 the city will be forced to bury 450 tons of garbage a month at the city farm.

"Alhambra," he stated, "has appropriated \$1500 to bring suit against Pasadena on account of the city farm, but when we called this election that city promised to do nothing until we had time to erect an incinerator."

In a written opinion presented to the Council, City Attorney Carr declared that the city would have an even chance of winning the suit to bring suit to force Contractor William C. Crowell to secure a permit from the city for the erection of the proposed new Polytechnic High School buildings. No action was taken.

**"COHORTS OF MAMMON."** Henry E. Huntington and Maj. F. R. Burnham were dubbed "cohorts of Mammon" by Miss Emily B. Foote in a petition submitted to the Council yesterday. In asking for the opening of Douglas street from North El Molino avenue to North Lake avenue in opposition to an alleged plan of the two capitalists, she wrote:

"But should your honorable body choose to favor these 'cohorts of Mammon' irrespective of the desire of the owners of property through which Claremont must be put, we will submit only on the ground that we are justly and fully recompensed."

**CITY BRIEFS.** The "A" and "B" teams of the Pasadena Polo Club will play a match at Tournament Park next Saturday afternoon.

John F. Treat, Imperial Potentate of the Ancient Arabic Order, Nobles of the Mystic Shrine, is due to leave for Shriners and then tender a luncheon at the Hotel Maryland.

The following officers of the new Security National Bank, which is soon to open in the Chamber of Commerce building, were elected yesterday: E. H. May, president; Harrison I. Drum-

mond, vice-president; N. E. McBeth, cashier and E. C. May, assistant cashier.

**Wadsworth sells paints.** Hotel Vista del Arroyo, Pasadena. Times dictionaries now on sale at the Pasadena Branch, 52 S. Fair Oaks. Indian baskets. Wigwam, 61 N. Euclid.

**HEARING IS CONTINUED.** South Pasadena Trustees Postpone Hearing of Improvement Protests for a Week—Bridge Plans.

**SOUTH PASADENA, Jan. 23.**—The hearing on the protest to the improvement of Pasadena avenue heard by the Board of Trustees last evening has been continued one week. The committee of the Chamber of Commerce consisting of Jonathan S. Dodge, G. F. Trask, and D. S. Gates was present, as was also a large delegation of the property owners.

When the Arroyo Seco bridge was contracted to be built on the part of the city of South Pasadena, the Salt Lake Railroad, county of Los Angeles, and Los Angeles city, it was the understanding that the Arroyo drive connecting the approach with Pasadena avenue at the Lincoln Park station and bordering the Caviston Ostrich Farm on the north, should be widened south of the tracks and improved to the level of the boulevard approaching the bridge from that side. At one time the arrangement was entered into by which a strip was to be taken from the Ostrich Farm for the widening purpose, and Mr. Caviston proposed to give \$1000 to aid the improvement. This arrangement, however, never yet been carried out. It was stated in the board meeting that if the Pasadena property holders would waive their protests, and the street was widened and improved, the Caviston Ostrich Farm would give \$500 toward the improvement, and the street would be widened and improved to the level of the boulevard.

The board also proposed to call a bond issue of \$15,000 to be used in carrying out the plan of widening and improving the short cut from the Lincoln Park station on Pasadena avenue, to the approach to the bridge. This is to satisfy the Caviston Ostrich Farm, who fear that later they may be called upon to pay for the improvement of the Arroyo Seco drive, as their property lies between this drive and Pasadena avenue.

**ANNUAL ELECTION HELD.** Banquet of Board of Trade at Whittier Is a Most Successful Event.

**WHITTIER, Jan. 23.**—The annual election of officers and banquet of the Board of Trade was held in the Whittier Clubhouse this evening and was the most successful of the history of the organization. Two hundred and fifty people were present for the election and the banquet. The program of music and speeches that followed.

The meeting was presided over by President Thomas Newlin of the college and also president of the Board of Trade, who gave the address of welcome to the representatives from the neighboring cities and other visitors. Following this, the principal address of the evening was given by ex-Gov. George C. Pardee of Oakland whose subject was "The Citizen's Responsibility."

Following Mr. Pardee, the next speaker was Dr. Stanley Black of San Francisco, whose subject was "The Civic Value of Public Opinion." Music for the evening was furnished by the Royal Hawaiian orchestra.

The election of directors was as follows: Emory Albertson, C. C. Barr, P. J. Denninger, F. E. Franz, H. C. Johnson, J. C. Johnson, Moore, Thomas Newlin and L. S. Scofield.

The committee in charge of the banquet and program, headed by Milo Hunt, C. F. Baldwin, A. Waldman, Dr. George Flinders, J. B. Chaffey, and J. C. Johnson, were commended, and that said committee be authorized to prepare and send to the voters such a statement, if it seem such course advisable, and if it seem expense not exceeding \$500."

The petition circulated last Monday protesting against the Council action presented to the Council by G. A. Gibbs. He declared that while assurance is given by the city officials that the plant will be odorless, nevertheless it will be an experiment to a certain extent, and property-owners of this part of the city object to its being up. **Foreman Has Leg Broken While Unloading Ties.**

(Times of the Times, No. 2, 3, Fair Oaks Ave.)

**LONG BEACH, Jan. 23.**—At a special meeting tonight of the Board of Education a committee of the Polytechnic High School, Principal Burcham and the teachers who are directly connected with high school athletics, brought up the question of compulsory athletics and asked that the board recommend the forming of leagues for the playing of different games, so as to encourage all students to take part in athletic activity. They claim that optional athletics has resulted in most of the boys dodging healthful exercise, with consequent loss of excellence in other studies. The board took the matter under advisement, but are known to favor the idea.

**WONDERFUL CARVING.** The Afana brothers, Egyptians, who recently returned from a visit to the fatherland, have received from the customhouse their wonderful mother-of-pearl carving of "The Last Supper," which they expect to exhibit at the Panama Exposition in 1915. Nicola Afana, a brother, 17 years of age, is said to have worked three years on the carving, which is entirely of mother of pearl and shows a room hung with draperies, and set with a long table, at which are the twelve disciples and the Master. Judas is seen holding fast to a bag of silver.

Below the center of the room is suspended a quail lamp and through the open windows are seen outlines of other buildings.

The dress and facial expression of those at the table is in accordance with the biblical story and they reached the place is a globe with the American continent engraved on the surface. The globe is in one hand and the companion piece, "The Cross and the Nativity," may also be shown.

**POULTRY SHOW.** The second annual exhibition of the Los Angeles Poultry Association opened today in the auditorium and will continue three days. There are 150 birds on exhibition, whose value is estimated at \$10,000. Among the pedigreed birds are "Black Bess" and "Peggy the Second."

**FAVORABLE REPORT.** Business men of the city met this afternoon with the Harbor Committee of Council and representatives of the North Pacific steamship line, relative to the company's proposed terminal at Long Beach a weekly port call for its steamer Santa Clara, provided a few terminal was granted. The company's recommendation will be made to the Council on Friday evening. Its report will be favorable.

**FOREMAN HURT.** H. B. Sackett, foreman at the creosoting plant at Zinc, just across the inner harbor, while unloading a car full of ties for the pier, was struck by him, breaking his leg in two places. He was brought here for treatment.

**TITLE SUIT.** Charles L. P. Look, for treating an early dispute by Judge Bordwell on the disputed beach title suit of the Strand Company and the city, has his proposed million dollar amusement pier set of Cedar Way. When the pier is built the hippodrome will be moved out upon it and the pier will be used for the harbor with an electrical fountain in the center.

**NEWS BRIEFS.** This morning Prof. A. F. Cowley had a heating stove delivered at his new home on Cedar street. He left it on the front porch for a few moments, and some thief came along and took the stove and six joints of pipe. One hundred acres of land on the May Be a Murder.

**WOMAN VICTIM OF THIEF NOT EXPECTED TO LIVE.** STILL unconscious as the result of a beating received at the hands of a murderous thug bent on robbery, Mrs. James V. Dilley, who was struck down at her home, No. 230 West Fourteenth street, early Monday morning, was pronounced almost hopelessly unconscious and was expected to die within a few hours.

In order to obtain a better description of the robber, Detectives Michael and Williams bed the body of the dying woman at the California Hospital late last night and although powerful stimulants were applied the victim failed to respond sufficiently to understand what was being said to her.

Before going to the home of Mrs. Dilley the officers had been called at a store at Pico and Berendo streets for the purpose of catching a robber, but was interrupted just as he started behind the counter in an effort to reach the money.

A French woman living in the neighborhood is said to have seen the stranger as he fled from the store place and later saw him coming out of Mrs. Dilley's house. In the event of an arrest it is probable

inner harbor between channels Nos. 1 and 3, has been filled with dredging from the harbor and plans will now be taken up for the erection of a bridge across Cerritos slough to afford transportation facilities. As the slough is designated as a navigable strait, permission will have to be secured from the War Department for a bridge of the draw kind.

At Library Hall Thursday evening Thomas E. Gibson of Los Angeles will address the City Club upon the practicability of Long Beach building four miles of railroad spur from this city to Wilmington to connect with the proposed Los Angeles municipal road.

Mrs. Bertha Hubbard Archer, wife of Earnest E. Archer, manager of the bath-house, died this morning at the family home on West Fourth street. She was a native of Illinois and 24 years of age. She leaves a widower and two children.

**OBITUARY.** Mrs. Philomene J. Lachapelle.

**BUTTE (Mont.) Jan. 23.**—[Exclusive Dispatch.] Mrs. Philomene J. Lachapelle, wife of Julius Stigraev, wife of former United States Senator W. A. Clark, and one of the best-known pioneer women of the Northwest died suddenly this afternoon of the double pneumonia after an illness which developed last night. Mrs. Lachapelle was 65 years of age. The advent of the railroads and her husband was prominent in early day mining affairs of Butte.

**Maple Syrup.** Adirondack Brand—Pure Maple Sap Syrup. First cost 25c; quart can 50c. Small bottle 25c. Large bottle 50c. Shrimps, "White Horse Brand." Fancy No. 1 tin 2 for 25c, 4 for 50c. No. 1 1/2 tin 2 for 25c, 4 for 50c. No. 1 1/4 tin 2 for 25c, 4 for 50c. Open for your sampling.

**WATER E-SMITH'S.** One Store Only—415-215 S. Spring St.

**swearing vengeance.** This morning about 10 o'clock a pistol and afterwards made threats that he would "test some one," presumably the foreman, and later left again for the ranch by a suburban train. Welsh heard of the threatened trouble, and with his wife went out to the place in the evening, taking a shotgun with him, stopping at a cottage on the place. Late in the evening he saw Keene with the pistol and the man was made to follow him, taking the shotgun together and Welsh ordered the man to throw up his hands, which he did. He then attempted to get the pistol, but he was discharged, the bullet entering Keene's right shoulder and ranging down through his body to the left side.

**swearing vengeance.** This morning about 10 o'clock a pistol and afterwards made threats that he would "test some one," presumably the foreman, and later left again for the ranch by a suburban train. # Buy a Quarter-Acre in Durley Park Tract

In the City Limits of Venice on the Venice Shortline at Only \$10 a Month—for \$250 And Up

Streets Are Graded and Water is Piped Throughout the Entire Tract

Compare this price with other offerings. Investigate as closely as you will. Beach property is advancing more rapidly in value than any other Real Estate in or around Los Angeles. It is more scarce. That's the nutshell reason. Venice is the liveliest beach near Los Angeles. When you talk of successful beach property investment, your eyes naturally turn toward Venice.

YOU might as well be one of the successful ones, instead of waiting and being the "wish-I-had" example of those who waited too long. Call at our office and make advance reservations now.

The entire tract is composed of choice property, but there is always such a thing as the BEST choice, and earliest buyers get the cream. Get busy today. Don't wait. This is one of those opportunities which you really should not overlook. Investigate anyhow. You will find it well worth while.

## Public Grand Opening Durley Park Tract, Sunday, January 28th

To Reach Durley Park Tract, Take Venice Shortline and Get Off at Our Tract Office at Fredericks Station

We say again—call at our office and make advance reservation before Sunday, or if you find that is impossible come to the tract. Well-informed and courteous salesmen will be at Durley Park Tract all day Sunday. You will not be urged to buy—there will be no necessity for urging. You will simply wonder why the price is so low and the terms so liberal. A small payment down is all that is required. Payments to be made to the Title Guarantee & Trust Co. Such quarter acres as these will be selling at \$1000 inside of a year. The entire city is developing westward toward the ocean. Buy in line with the most prosperous and reliable growth.

has twenty-seven wells, of which twenty-four are producing, two are dead and one is being drilled with all speed. On section 16, 22-23 there are twenty wells of which seventeen are producing. Much new work is planned.

News Notes and Personal.

Nathan W. Hale of the Hale-McLeod Oil Company, accompanied by M. Monday of Knoxville, Tenn., returned Monday from a tour of the Midway and Maricopa oil fields.

It is reported that the Buick Oil Company, which recently brought in a gusher in its No. 1 well, has succeeded in shutting off the water in the No. 1 well, which flowed 3000 barrels a day for nearly a year.

At the annual meeting of the Hale-McLeod Oil Company held the other day on the lease the old officers were re-elected and a 10 per cent. dividend, payable February 12, was declared.

The Harbor Commissioners recently awarded to the Standard and the Associated oil companies a contract for 250,000 barrels of oil at 65 cents a barrel. It is to be delivered over a period of years.

T. O. Turner, transportation manager of the new California Pipe Line Company, has just concluded a tour of the oil fields accompanied by a party of capitalists including J. T. Hampton of Santa Monica, Dr. Willard Hall and Col. E. C. Power of London, and E. E. Billow of Chicago. Col. Power is believed to be the famous Gen. Baden-Powell of Boer War fame.

B. B. Pollak of San Francisco, who is interested in the Canadian-Coaling Oil Company, came down from the North the other day to visit the property.

D. J. Schwartz of Coalinga, who is operating in the Lost Hills, arrived in Coalinga the other day on a business trip. He will remain several days.

W. R. Hamilton of San Francisco, a representative of W. P. Hammond, has been in Coalinga several days on business connected with the purchase of several oil properties.

TRAGEDY BY MISSING FINGER.

Detectives Arrest Man on Charge of Having Held Up and Robbed Proprietor of a Restaurant.

A missing finger led to the arrest yesterday of Ed Pohl, who is suspected of being the man who held up Tony Panich's restaurant Sunday night. Pohl has been charged with robbery. He was picked up on Vignes street by Detectives Fitzgerald and Dixon.

Panich and his wife were in their private dining room in the rear of their restaurant, No. 903 East First street, when a masked man cautiously entered the back door. He covered both with a revolver and demanded "hands up." Panich did not act as quickly as the man thought he should, and was rendered unconscious by a blow in the face with a revolver. Still covering Mrs. Panich, the man took \$22.25 out of the cash register.

Panich has now about 3000 dollars in cash in one of the drawers of the safe in the rear of the restaurant. It is estimated that only a few dollars of the cash were saved, on account of the character and tenacity of the man who was the gas.

It is now being shut in as a matter of fact, and it is believed that the man is now being held in the police station.

### BALL PLAYERS CAN'T COLLECT.

National Commission Won't Pay Damages.

Many Believe Decision Is Law Violation.

Players May Take Matter Into the Courts.

(BY DIRECT WIRE TO THE TIMES.)  
SAN FRANCISCO, Jan. 23.—[Exclusive Dispatch.] For the second time within a few days the National Commission—the "supreme court" of baseball—has ruled that a ball player, injured in the game, cannot collect his salary for the time he was incapacitated.

In light of this decision it would be interesting to know whether ball players could not evoke the employer's liability law to compel their owners to not only pay their salaries, but also reimburse them for whatever damages they may have suffered in their line of duty.

And unless the National Commission of baseball changes its ruling that players cannot collect their salaries, it will not be long before this law will be invoked by ball players, baseball law and the law of the land will clash some day, and it's dollars to doughnuts baseball law will be knocked out.

### BATTLE TO THE FINISH.

Gardens and Redondo Break Even on Diamond in First of Three Games.

In a battle Sunday which lasted until darkness called a halt, the baseball teams of Gardens and Redondo played a tie game on the former's grounds, the final score being 4 to 4, after twelve innings.

The teams will come back again next Sunday in the second game of the series, which promises to be fully as exciting as the first contest.

Both teams are evenly matched and put up a class of ball which is delighting the fans.

In last Sunday's game the batteries were: For Gardens, Simms and Killary; for Redondo, McClam and Martin and Offe.

### Japs to Play Ball.

WASHINGTON, Jan. 23.—[By A. P. Night Wire.] The Japanese army is sending a baseball team from Tokyo to the Philippines to engage in a series of games with the American soldiers there, and Brig.-Gen. Franklin Bell, commanding the Department of the Philippines, asked the War Department for authority to dispatch a squad of army players to Tokyo to return the visit.

### Golden Sign Contract.

CHICAGO, Jan. 23.—[By A. P. Night Wire.] Eddie Zeiser of the Chicago American League club, today signed a contract for the coming season, according to an announcement made by Manager Callahan.

### Coming Down.

NIMBLE WIT SAVES IN AIR.

PLUCKY GIRL GIVES TERRIBLE WITH PARACHUTE.

Tiny Broadwick, scarcely seventeen, has been defying death since she was eleven and laughs as she and Missage the dog descend.

By a clever manipulation of the ropes when she struck a treacherous pocket of air at an altitude of 1,000 feet, Tiny Broadwick, the 11-year-old Glendale girl, prevented a serious accident when she made the double parachute jump at Dominguez Field yesterday afternoon.

In some manner the parachute failed to open and the girl, who was in the pocket and the plucky girl's arms were painfully bruised as the ropes rubbed against her.

Being high in the air at the time, she was coming down to earth at a rapid rate. On the first drop she fell sixteen feet and on the second the distance was doubled to thirty-two feet.

Notwithstanding her plight, the little girl was successful in making the leap to the ground, and again thrilled the thousands of spectators by her daring feat. As on Sunday, the people simply held their breath as she made the second leap.

After it was all over Tiny said she knew no fear during her thrilling experience. She expects to make another leap today, and her father, Charles Broadwick, also a balloonist for many years, says he may have his 15-year-old son, Bobbie, make a parachute leap and have the two race to the ground.

Tiny Broadwick says she has been making balloon trips for six years, having taken her first journey into the air when only 11 years old. With her father and brother she is spending the winter at Glendale.

The parachute girl has made exhibition flights in Canada and Mexico, besides throughout this country. Several times she has had falls. She has the distinction of being the only person in the world who has been successful in making the triple parachute leap. She hopes to make the triple jump today.

Miss Broadwick is indignant at the report that she made the leap Sunday in fright. She says in all her experience she has never done anything and never expects to.

### Ready for Cooldown.

CHICAGO, Jan. 23.—[By A. P. Night Wire.] T. E. Andrews, the Milwaukee boxing promoter, obtained the agreement today of Johnny Coulton, heavyweight champion of the world, to fight Ed Smith, the flyweight, 113 pound champion of England. The contest will be for twenty rounds before the club offering the best purse.

You will find that druggists everywhere speak of a certain cough remedy. They know from long experience in the sale of it that it is a pleasant and safe to take. For sale by all dealers.—Adv.

## PROGRAMME FOR TODAY AND TONIGHT.

12:30 to 1:30 p.m.—Events for amateur aviators.  
2:00 p.m.—Signal by aerial bomb of opening of day's programme.  
2:10 p.m.—Ascension by air balloon, with single and triple parachute drops.  
2:15 p.m.—Demonstration of "Long Distance Wireless" from aeroplane by Phil O. Parmelee.  
3:10 p.m.—Start of contestants for daily duration record.  
3:20 p.m.—First section "Aerial Mail" carrying.  
3:25 p.m.—Five-mile "handicap" speed race.  
3:35 p.m.—Ascension of spherical balloons.  
3:45 p.m.—"Man hunt" by deputized aviator.  
3:50 p.m.—Events for women aviators.  
3:55 p.m.—Race between man, beast, motorcycle, automobile and aeroplane.  
4:10 p.m.—Hunting pigeons with an aeroplane.  
4:20 p.m.—Exhibition of famous "motorless" Wright glider.  
4:30 p.m.—Section II "Aerial Mail" delivery.  
4:45 p.m.—Daily speed contest, "free-for-all."  
4:50 p.m.—Close of trials for altitude and duration.  
Close of day's programme.  
Spectacular night programme, 8 p.m.

A battle between land and sky will be the feature to attract thousands to Dominguez Field tonight. For the first time in the history of aviation, such a spectacle will be staged.

With a minor city and fort in the center of the flying field, with a miniature lake filled with scenic battlefields, a dozen daring aviators will sail into the sky with small bombs. Two hundred soldiers will be seen in the city and on the water front.

When the aeroplanes are sighted by scouts with the aid of powerful searchlights from the United States boats in San Pedro harbor, the warning will be sounded and firing on the sky invaders will begin. The aerial warriors will then drop their bombs and open fire on the city. After several minutes of the battle the city will burst into flames and this will begin a most sensational fireworks display. It will be a complete victory for the aerial forces.

So important is the experiment that the Navy Department sent the torpedo-boat destroyers Paul Jones, Perry and Preble to San Pedro to aid in the mimic battle. The powerful searchlights of the three boats will be played in the sky to provide illumination for the land forces to locate and watch the aeroplanes.

Among the aviators who will participate in the spectacle are Phil Parmelee, Cliff Turpin, Howard Gill, Lincoln Beachey, W. B. Atwater, Charles Willard, Glenn Martin, Harry Kearny, Farnum Fish, W. B. Cooke and Hillary Becher.

Tiny Broadwick.

The seventeen-year-old Glendale girl, whose arms were bruised by the ropes as she made a successful double parachute leap at Dominguez Field yesterday.

### AVIATION NOTES OF SPECIAL INTEREST.

"None of that parachute jumping for us aviators, it's too dangerous," exclaimed Phil Parmelee, the noted aviator, just after Tiny Broadwick made her double jump yesterday.

Lincoln Beachey established a new record for the five-mile races yesterday when he made the five laps in 4 minutes, 23.45 seconds. This is nearly four seconds faster time than that by Aviator Page, when he won from Beachey on Monday before his death.

Weldon B. Cooke, the marathon flyer, left the field at just two minutes past 2 o'clock yesterday afternoon and did not return until 4:47 p.m. Most of the time he could be seen as a mere speck high in the clouds and once when he saw a balloon far to the north beyond Watts he says he made the other air traveler a visit.

Cooke was "buffeted" for a few minutes when he was about to make a landing by the five-mile free-for-all race, which was in progress and prevented him from coming down for several minutes.

Soon after the bomb announced the opening of the day's events the daredevil Lincoln Beachey thrilled the crowd by extending his arms while high in the air.

Dr. Charles Fish, father of the youngest boy aviator in the world, Farnum Fish, who is one of the sensations of the present meet, was one of the most interested spectators on the field. Dr. Fish says his son is a careful sky pilot, is "making good" and he sees no reason why he should object to his flying. The Fish Wright biplane is said to have cost \$2500.

Frank Goodale, the dirigible expert, has been unable to make any flights because his steed was provided for his balloon. He came here from New York. At one time he held the alti-

tude record of the world for height in a dirigible. His ascent was 4500 feet.

H. F. Kearny, although always limping on the field from a recent accident, is one of the jolliest aviators participating in the meet. He is always laughing. "Did you see me he yelled to several bystanders after he returned to the ground, after making a big dive at the end of the first lap of the five-mile handicap race."

Hillary Becher and Glenn Martin are two of the most unassuming aviators who daily take part in the various aerial contests. These boys just "do something."

Charles Willard, the birdman who was flying in Mexico City recently, is the most expert sky pilot out at Dominguez Field.

Undaunted by the fatal accident of Monday, Farnum Fish, the youngest boy aviator in the world, was one of the first in the air yesterday. He took a passenger with him.

Glenn Martin ascended to an altitude of 6000 feet. His time was officially recorded by a barograph. "It was too cold for me up there," he said.

There was something doing all the time at aviation field yesterday. That is the way it has been every day since the meet started. It is a regular aerial circus but keeps the people all going more closely even than a three ring circus.

The air daredevil, Lincoln Beachey, certainly fooled the crowd yesterday when he disappeared over the bluff and for several minutes flew down the street car tracks out of sight of all the people. The big official Standard carrying a Times photographer and reporter rushed to the entrance of the grounds only to find that the air warrior was still flying.

The varied programme must have delighted the heavy crowd yesterday. They arrived in time to see the volplaning of Beachey, the high altitude, international and five-mile handicap races around the course and the flying of Miss Scott, besides seeing Warren Wood shoot at the little balloons from the Fish aeroplane.

"There were clouds up as high as 10,000 feet," said Phil Parmelee a few minutes after the flying of 7500 feet. The needle came off the paper at his official barograph and he did not care to ascend further.

The passenger-carrying Jay Gage aeroplane, which carried four men up in the air Sunday morning, will probably be ready for a flight by next Saturday. Mechanics are working with the camp as they are now waiting for a fly wheel.

Glenn Curtiss says he instructs his pupils never to jump in an accident. It is much safer, he says, for an operator to remain in his seat.

"Aeroplane Range Finders," for determining an airplane's altitude, appeared on the field yesterday for the first time. They are little cardboard contrivances.

The boy aviator, Farnum Fish, has five young fellows who act as mechanics and assistants and proudly rush to him every time he alights.

William Hoff, a California boy, who has been flying only two months, made a remarkable record in yesterday's events. He was second in the international race and second in the fast free-for-all contest, the only aviator making faster time being Lincoln Beachey. Hoff was a mechanic for Eugene Fish last year, and it was upon his recommendation that Hoff first attended the Curtiss aviation school.

Attell En Route.  
CHICAGO, Jan. 23.—[By A. P. Night Wire.] Abe Attell, featherweight champion of the world, left Chicago tonight for Los Angeles to begin training for his bout with Kilbane at Cleveland, which will be decided February 22. They will box twenty rounds.

How to Coach.  
NEW HAVEN (CT) Jan. 23.—[By A. P. Night Wire.] The Yale football coach, Walter Camp, has been practically decided upon by Capt. Jesse Spalding, Arthur Howe, captain of the team last season, probably will be head coach. McDuff, guard of last year's team, and Scully, left tackle, will be his chief aides.

### WAR IN SKY.

(Continued from First Page.)

eight at a whirlwind pace and broke the ice of reserve that had settled over both the spectators and the aviators.

CUT AIR CAPERS.  
From this time forward there was a rush of events which included five-mile handicaps and five-mile free-for-all races. Tremendous speed was reached in these events and Lincoln Beachey made the best speed.

In the expert work of cutting figure eights in the air Phil Parmelee won the event by performing a complete figure eight in one minute and five seconds, while Beachey performed the same trick in the slower time of one minute and nine seconds.

Then followed a thrilling scene when little Miss Broadwick leaped from her hot air balloon at 500 feet in the air and the first parachute failed to open. The spectators arose as one man and were spellbound by the awful sight of the girl's small body seemingly hurtling through space.

After a fall of almost 100 feet, the second parachute opened and the little lady floated easily to the ground. Her arms and body were bruised by her struggles on the cross bar to get the parachute open.

The arrival of the fleet of torpedo destroyers in San Pedro Bay to participate in the aviation meet was being aided at this juncture by the arrival of an automobile carrying Lieut. W. A. Glasford, Jr., of the U.S.S. Paul Jones, Ensign R. E. Stewart of the U.S.S. Perry, and Ensign C. F. Poulson of the U.S.S. Preble.

The three ships had been ordered to San Pedro Harbor from San Diego by the Secretary of the Navy in response to pressure brought to bear upon him by Senators Worley and Perkins and Congressman Stephens.

These vessels will participate in a sham battle tonight between the airships and the vessels. Searchlights will be the principal means of battle used, and certain plans are being laid out for the night.

Parmelee made an attempt for altitude at 9 o'clock in the afternoon, but after climbing to the dizzy height of 6000 feet, he was compelled to descend owing to the failure of the barograph to work properly. He stated that the clouds were too thick for high flying and that he would make a second attempt today.

### On the Courts.

STANFORD HAS TENNIS SHARKS.

FOUR VETERANS ELIGIBLE FOR VARSITY TEAM.

V. Sheldon, Los Angeles Freshman, on account of unusually good playing has chance to make big team—Ward Dawson leaves Big Hole.

(Special Correspondent of The Times.)

STANFORD UNIVERSITY, Jan. 23.—Stanford has seven star tennis players from whom to pick the four men who will meet the California racquet team in the intercollegiate tourney next year. Although Ward Dawson is out of the running, Stanford students believe they have a good chance to take the measure of the blue-and-gold on the courts this year. Dawson was the best racketeer on the campus, but nevertheless, a strong quartette will be turned out.

H. S. Morgan, '12, of San Diego, captain last year, is at the university. Last year he played a splendid game in the intercollegiate tourney, and he has been improving rapidly during this school year. R. L. Murray, '12, captain this year, stayed off the courts several months last summer and fall in order to rest. He has resumed practice and is showing better form than ever. A year ago he came within a few points of laying out Charlie Rogers, the blue-and-gold champion of the world, in the last intercollegiate tourney.

Morgan, Murray and Sheldon are about on a par according to this showing in the last intercollegiate tourney. Each made a hard fight for first place. In the semi-finals Morgan beat Murray, 5-7, 4-6, 5-7, 3-6, 9-7, and in the finals Sheldon defeated Morgan, 2-6, 7-5, 6-3, 5-7, 6-2.

Sp. Pratt, '13, of Ontario; G. L. Rhaul, '13, of San Diego; W. Hutchinson, '13, and C. P. Sonntag, '13, also are contenders for places on the varsity team.

Two More Contracts.  
CHICAGO, Jan. 23.—[By A. P. Night Wire.] President Charles W. Murphy of the Chicago National announced last night that he had received the signed contracts of Pitchers Harrington and Dressen, both recruits. Harrington comes from the New England League and Dressen from Salt Lake.

Night Wire.—The Kansas City team, which was defeated by the Los Angeles team in the first round of the National Amateur Athletic Union tournament, today announced that they would fight the Los Angeles team again in the second round.

Mr. Wad Was Sure Up in the Air Some Out at the Aviation Meet Yesterday!

FISTIC TRIO WHO HAVE PUNCHED WAY TO FAME.

Van Court Recalls Painful Days When Joe Chynski Was Handed Out Dream Wallops and Abe Attell Was Winning His Championship Laurels—Kid McCoy Not Overlooked in Hall of Fame.

BY DE WITT VAN COURT.

Two of the greatest fighters who ever lived in this country were Joe Chynski and Abe Attell. Chynski started fighting about the same time that Jim Corbett did, and they were great rivals from the start. Chynski was a light heavyweight and fought all of the great heavyweights of this country. For his size and build he was one of the toughest and fastest hitters in the world.

His first hard fight was with Jim Corbett on a large near battle in this city. They fought twenty-one rounds and Chynski lost. Chynski was one of the hardest and bloodiest fighters that ever took place.

He was a terrific hitter with both hands and could use one as well as the other. He had two terrific fights with Corbett, and he fought him out each time and lost. Chynski was a great fighter and a great winner. He was a great fighter and a great winner. He was a great fighter and a great winner.

Another time I saw him fight a big man in San Francisco years ago and he was a left-hand winner in his fight. He was a left-hand winner in his fight. He was a left-hand winner in his fight.

Joe Attell, present featherweight champion, is a much younger man than Chynski. He was a fighter from the time he was a boy. He was a fighter from the time he was a boy. He was a fighter from the time he was a boy.

Joe Attell, present featherweight champion, is a much younger man than Chynski. He was a fighter from the time he was a boy. He was a fighter from the time he was a boy. He was a fighter from the time he was a boy.

JOHNSON WOULD BE MAT CHAMPION, TOO.

BY DE WITT VAN COURT.

CHICAGO, Jan. 23.—Jack Johnson, champion pugilist, announced today that he had a telegram from G. E. Schachtel of Salt Lake offering him \$25,000 to wrestle Frank Gotch in that city. "I've decided I'm the man to defeat Gotch and become both the champion pugilist and the champion wrestler. Maybe I couldn't throw him, but I'm willing to take a chance," said Johnson.

AD IS MIDDLEWEIGHT.

(Continued from First Page.)

A little of fighting Joe Rivers some day. "I think Joe is an interesting boy; but I doubt if he will ever be really at the top. I don't believe he has the stamina. Joe is a hard fighter but made of this 'leather' stuff you hear about in newspaper talk. Joe is no knock-out puncher."

NOTES ALONG THE FIGHTERS' ROW.

BY GREY OLIVER.

Joe Rivers has finally been weighed and the information has been given out that he tipped the beam between 125 and 130 pounds.

With Coulton, Attell and Kilbane on the way here, the local fight fans are expected to arrive here Saturday, Kilbane on Sunday, and Abe Attell on Monday and these, in company with Rivers and Conley, will form the greatest aggregation of fistic talent ever in the town at one time.

U. S. C. HAS HARD TIME WITH BEACH COMBERS.

The University of Southern California had a hard time with the basketball team of the Huntington Beach High School yesterday afternoon on the Cardinal court. The final score was U.S.C. 27; Huntington Beach, 25.

Wells in Focus.

MOUNT VERNON (N. Y.) Jan. 23.—(Exclusive Dispatch.) In a ten-round bout tonight at the Mount Vernon Sporting Club, Jumbo Wells, of England, won on points from Bill Brown, the negro fighter. Wells was aggressive in all rounds, while Brown preferred to hold the defense. In the third and seventh Brown drew blood from Wells' nose. Wells outweighed Brown by at least fifteen pounds.

EASY WAY TO AVOID LEFT SWING AT THE BODY.

BY DE WITT VAN COURT.

No. 29—Double Swings.

Step a little to the right of your opponent's left foot; at the same time swing at his body with your left and follow with a left and right at his head.

DE WITT VAN COURT'S COLUMN.

The dope story that Abe Attell is peddling out over the country about O'Rourke calling in a doctor to inject cocaine into his arm to develop the pain in his fight with Knockout Brown, should be a warning to all promoters over the country.

When he fought Ad Wolcott here some years ago, he gave me an awful roaring when he asked me my opinion of the required weight gradually and that he should be in his best form for this reason. He is to begin training today at Doyle's Vernon camp.
